DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of Species I, Figs. 1A-3C, in the reply filed on 06-16-2004 is acknowledged. As indicated by the applicant, and agreed upon by the examiner, claims 1-4 and 7-11 read on the elected species with claim 11 being generic. Consequently, claims 5, 6, and 12-16 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 06-16-2004.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-4 and 7-11 are rejected under 35 U.S.C. 102(b) as being anticipated by Ullman (US#1672355).

4. Ullman discloses a jewelry item comprising: a ring 1 with shank 2; a setting 3 for a jewelry stone 4; the shank defining a disk opening 5; first and second rotating message disks 7 each having a plurality of faces 9 providing a plurality of inscriptions 10; and a fixing device (solid pin) 6. The inscriptions are representations of the faces of playing cards and therefore inherently provide a textual message and/or decorative design. The first and second disks are capable of being interchanged with one another, i.e. "interchangeable" with one another.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See PTO-892.
